

Welcome Message from the President, Manipal University (MU) Jaipur

Manipal University (MU) Jaipur, a new generation University, is a multi-faculty, multidisciplinary University committed to nurturing talent and strengthening academics & research by adopting unique & innovative practices to continue to redefine academic excellence. It offers an amalgamation of courses at all levels of UG, PG & Doctoral studies across diverse streams, including Engineering, Architecture, Design, Science, Management, Law, Commerce and Humanities etc.

The university's aim is to "convert young brains into competent professionals with excellent human values," and it is dedicated to doing so through a rich teaching-learning process and high-quality research. The University envisions nation building by fostering the holistic and pragmatic development of aspiring engineers, technocrats, entrepreneurs, academicians, artists, designers, and attorneys.

One of the biggest challenges of 21st century is to make students industry ready. The technology is rapidly changing and by the time student graduates and enter in the market, the market comes up with new trends and technologies. So, here we need to focus on industry demand and skilled students. I must mention that Manipal University Jaipur is conscious of the fact that the jobs in the industrial set-up are available to the students who are skilled and competent in handling real life situations. The Institution with the help of faculty has strengthened the delivery of all laboratory activities with deeper involvement using high-end and precision equipment to enhance students' hands-on experience and exposure. Efforts in the form of tinkering labs have also added new dimensions to experiential learning. We at MUJ are ready to match the pace with generation Z by getting ready at every front, be it technology, academics, or culture.

Students of MUJ have been receiving job offers from prominent recruiters like Amazon, Dell, Nutanix, Commvault Systems, Zscaler, Cisco, ZS Associates Pvt. Ltd., Juniper Networks, Deloitte India, Accenture, Microsoft, Capgemini, Cognizant, Publicis Sapient, Oasis Investments (Dubai), Deutsche Bank etc. with the highest and overall average packages offered in the year 2021-22 as Rs 43 lakhs and Rs 7.0 lakhs, respectively.

The University has the best infrastructure facilities and the entire Wi-Fi enabled campus has been awarded GRIHA 5-star rating including hostels. To foster practical knowledge the university has state-of-the-art well-equipped laboratories with some of the laboratories established in collaboration with corporates like C-DAC, Bosch, Siemens, Rexroth, etc. The University also has a supercomputing facility with PARAM-SHAVAK.

Within a short span of eleven years, the University has earned many golden feathers in the form of prestigious awards, accreditations, and rankings. Manipal University Jaipur is the First State Private University in Rajasthan to receive A+ Grade with a score of 3.28 by NAAC, Five B.Tech. programs got accredited by NBA for 3 Years from 2021-2024 (Computer Science and Engineering, Information Technology, Mechanical Engineering, Mechatronics Engineering, Electronics and Communication Engineering), received "Excellence Award 2021-22" by Rajasthan Chamber of Commerce and Industry, received AAAAA rating in Young Universities West Region category, ranked 34th in India's Best University - Private, 31st in India's Best University – Multidisciplinary Private and 27th in India's Best University – Engineering Private by Careers360 – India's Best University Ranking 2022 and many more...

I, on behalf of Manipal fraternity, invite you all, to be a part of exploratory journey into the astounding and astonishing world of Manipal University Jaipur. Please Visit <https://jaipur.manipal.edu> to know more about Manipal University Jaipur

Regards

Dr. Gopalakrishna Prabhu

President, Manipal University (MU) Jaipur
